MRS. ANNIE MOSIER
KILLED BY A CABLE CAR.

SLIPPED WHILE CROSSING
BROADWAY TRACKS.

Both Legs Were Broken and She
Sustained Fatal Internal
Injuries.

Mrs. Annie Mosier of No. 400 North Broadway was knocked down and almost instantly killed by a northbound Broadway cable car at Broadway and Peacock street yesterday evening at 5 o'clock. Mrs. Mosier was on her way home from market and was half way across Broadway when the changing of the cars warned her of the approach of the cable car. She continued on her way across the street and would have reached the other side safely had she not slipped on the track and fallen in front of the car. The gripman applied the brakes, but too late to stop the car, and Mrs. Mosier was caught under the tender and dragged about ten feet. She was breathing faintly when dragged from under the car, and was taken to her home, where she died twenty minutes later. Her legs were broken. Death was due to internal injuries.

The train was in charge of Conductor William Keith of No. 305 North Broadway and Gripman John W. Ross of No. 322 North Ninth street. Both men were arrested and locked up at the police station at Ninth and Angela streets. After telling his story to the police, the gripman refused to speak again, but held his promise to appear at the inquest.

"It was dark when Mrs. Mosier started to cross the track," said Gripman John W. Ross, "and the headlight and the sound gave her timely warning of the approach of the car. She was in a hurry, I suppose, and, instead of waiting for the car to pass, she started across and had ample time to cross ahead of the car, and the accident would not have happened if she had not fallen on the track. In trying to regain her feet, Mrs. Mosier leaned on her basket, which toppled over, and before she could make another effort, the car struck her."

Mrs. Mosier was a year old and had two sons, aged two and four years. Mrs. Margaret Gillette of No. 422 North Broadway and Bertha Brooks of No. 214 Ferry street were present at the inquest. They had been starting to run across the track together. Mrs. Gillette and Bertha Brooks are of the opinion that the accident was due to Mrs. Mosier's fault.

ANTI-TRUST TEST CASE.

Senator Thurston Counsel for Standard Oil Company.

REPUBLIC SPECIAL.
Lincoln, Neb., Jan. 15.—The first test of the Nebraska antitrust law will be made in the Supreme Court next week. Attorney General Smith is finally beginning his efforts to drive the standard oil company out of the State.

The suit was originally started in the District Court of Lancaster County, but, finding that the Supreme Court would accept no suit against the Attorney General, Lincoln and began in the Supreme Court for the purpose of shortening the period of litigation.

The trial in the Supreme Court, which opened yesterday, is being conducted by Senator Thurston, who is expected to act as counsel for the Smith, and oil companies.

The term of service does not end until March 4 or next year.

**Wraith in
Northern Arkansas.**

Is the title of an illustration popular paper published in New York to the memory of Northern Arkansas, associated by experts as the best and most vivid picture of the State. The illustration, which has been often reproduced, affords a graphic representation of a life-time. The painter will be named later. Andrew J. E. Lockwood, Atlanta, Ga.

TEXAS SUPREME COURT.

Austin, Tex., Jan. 15.—The evidence were the principal points of the Appeal presented to the Supreme Court of Appeals yesterday in the suit between the State of Texas and the Church of Christ to J. M. Felt et al., from Laramie, Colo.

One of the chief points of appeal was that the State of Texas had no right to interfere with the internal affairs of the church. Another point was that the church had no right to interfere with the State's right to regulate its internal affairs.

The trial of the case was adjourned until January 20, when the court will sit again.

NORTHEAST VISIT LITCHFIELD.

Litchfield, Conn., Jan. 15.—Lieutenant Governor Northwood is here in the interest of his candidacy for the nomination for the second place of the Republican State ticket. The contest between him and H. J. Hamlin for the support of the delegation to the next Congressional District is becoming warm.

TWO DEPARTMENTS ARE MISMANAGED.

Santiago Is Full of Commissary and Quartermasters' Stores.

DISPOSED OF AT AUCTION.

Thousands of Metallic Coffins to Carry Back One Dead Soldier, Whose Body Cannot Be Found.

DETROIT SPECIAL.

Santana, Cuba, Jan. 15.—After marching all day and finding every effort at delay obstructed by the Democrats, the Republican attorneys in the contest for Governor and Lieutenant Governor to-night ceased to make motions. The exceptions and other demurrers, and the introduction of testimony was begun.

Mismanagement in the Commissary and Quartermaster's stores have been pouring into this city in such quantities that many of them have been sold at auction, and now some are being sent back to the United States.

Mismanagement in the Commissary and Quartermaster's stores seems to be the cause of this condition. Much unnecessary work, too, has been done to the transport McMillan, which left here yesterday, has aboard a large quantity of unnecessary stores which were unnecessarily entered here. The transport McMillan, which will be the next to leave, will carry back to the United States almost 1,000 metallic coffins. These were sent here for the bodies of American soldiers, but proved to be unnecessary. The coffins will now be sent to the Philippines.

In many cases it has been impossible to return the stores and there have been frequent auction sales, in which they have been disposed of at bargain prices. The disposal of articles at these sales has prevented the oversupply from being reported.

The attorney for the contestants objected to the filing of the papers, and they were taken under advisement.

Chairman Hickman announced that new bills would be filed from 2 to 5 and 7 to 10 to attempt to Legislature justice, but announced that there would be no afternoon session Tuesday, owing to the election of a United States Senator and the visit of Mr. Bryan, but that instead a morning session would be held. Every day the committee will devote six hours to the consideration of the bills.

The body could not be found without opening many of the boxes, it will be sent to the Philippines and be returned when discovered.

The transport McMillan carried the bodies of seventy-five American soldiers who died in the Philippines last spring. The bodies of men who have died since last June will be sent north about March, the disintering regulations preventing earlier removal.

Some Infra Salendo, Cuban patriot and the first Mayor of Santiago under American rule, died yesterday. He was appointed by President McKinley as an independent Cuban service, held his office for three years.

General Castile's return from Washington was the occasion of a great demonstration among the Cubans. He may be having an impressive conference with the President and is highly favorable to American domination in Cuba.

The trial of the jury, held yesterday, claiming that only the District Court has criminal jurisdiction.

Complaints against Senator Thurston were filed by the Standard Oil Company, who appointed him as counsel for the Senate, and he is expected to act as counsel for the Standard Oil Company.

The term of service does not end until March 4 or next year.

TO PROTECT CUBAN FORESTS.

General Riveron's Note to Governor General Wood.

Havana, Jan. 15.—General Riveron, Secretary of Agriculture, Industry and Commerce, has addressed a communication to General Wood advising that steps be taken immediately to protect Cuban forests belonging to the public domain. He urges that he be empowered to appoint commissioners to locate public property and to consult with the officers of the rural guard in making possible the entry of foreign experts over this and also another month on the ground that the charges were too vague.

SONG DELAY.

It was plain that the Republiam policy was to sing as much as possible and prevent a hearing of the song. This was finally successful and an adjournment till afternoon was taken, when the Republicans objected to the contest which was wished to be held.

Hitz succeeded far better than he expected and about two weeks ago wrote to his friends to let him know that he would come to St. Louis immediately and claim her for his bride. He came, but made the mistake of visiting his friends once more before going to see his fiancee. He has an ever hundred relatives and friends and relatives and gave enough money to get married on and start housekeeping in a comfortable manner.

He has an ever hundred relatives and friends and relatives and gave enough money to get married on and start housekeeping in a comfortable manner.

The night session began with an argument between the Republicans and the Republiam did not have judicial functions. In response, Senator Allen, a member of the committee, took the arguments over by one motion to adjourn the session. His amendment was carried by a vote of 20 to 1 and 9 to 1.

At 10 o'clock, Lt. Governor Bradley offered a motion to adjourn. The Republicans then voted for a marriage certificate and an additional 2 cents for a Government stamp, making a total of \$3.96, an amount larger than the capital he proposed. Hitz was of an extremely sensitive disposition and concluded to ride to St. Louis without his fiancee rather than give up his fiancee for the sake of saving 2 cents.

He rode to St. Louis, however, and when he reached the hotel he found that his fiancee had been given away to another man.
